

# Competences of teachers for inclusion

# Four core values

- If there are these agreed values – someone has to monitor the implementation of the actions in school
- Feedback culture is not well established in the schools
- It would be important to see more the strengths than the weaknesses
- What about democracy? It could also be one of the core values.

# Co-operation and teamwork

- There should be more opportunities for students to work in teams in the classroom
- The structures in the PH should support cooperation between different teachers

# Concepts of inclusive education

- Open access for teacher education for students with disabilities
- We want the best for the youngest
- Everybody should have a development plan
- Assessment for learning should also be introduced to students
- It would be important to know more about structural and mental barriers
