

Ancian, J-M., Foray,F., and Boddaert, B. (2008) L'utilisation de l'assistant digital personnel en Classe d'intégration scolaire [Use of Personal Digital Assistants in an Educational Integration Class] Nouvelle revue de l'adaptation et de la scolarisation, 44

Abstract

IT tools revolutionise everyday life, both in businesses and families. Even though these tools are increasingly present in schools, their use in classrooms is not yet systematic. This is why original co-operation began in September 2007 between BTS (technical diploma) pupils and pupils of an Educational Integration Class (Clis 1). This work has enabled young people in the Clis to use Personal Digital Assistants (PDAs) to work while travelling.
