Explanation

The 'Authorised weekly timeframe of lessons':

- includes the 'No. lessons per week';
- includes the 'No. healthcare and pedagogical habilitation and rehabilitation lessons per week for learners with SEN';
- are the lessons of non-compulsory other activities (not in the grid);
- can include 'Extra religion lessons in religious educational institutions' (if the educational institution is maintained by a church);
- can include 'Extra lessons in 6 and 8 grade secondary schools' (if the educational institution's type is 6 and 8 grade secondary school);
- can include the 'No. extra lessons in minority school education' (if the educational institution is maintained by a minority).

For example:

In the first grade, if there are learners with an intellectual disability in the class and the school is not a minority or religious institution:

- The authorised 'Weekly timeframe of lessons' is 52.
- The 'No. lessons per week' is 25 (lessons of subjects with physical training).
- The 'No. healthcare and pedagogical habilitation and rehabilitation lessons per week for learners with SEN' is 3.
- The 'free-use' timeframe per classes for non-compulsory other activities is 24 (52-25-3).
