**Arrigo, M., Dal Grande, V. Denaro, P. La Guardia, D. Ottaviano, S., and Todaro, G. (2012) *Towards Accessible Mobile Learning* Italian National Research Council – Institute for Educational Technology, 2012. ISBN: 978-88-903133-7-0**

**Abstract**

This e-book is a result of the Vocational Education of Visually Impaired People via Distance Education (VODIE) project, a two-year project funded by the European Commission within the Lifelong Learning Programme, Leonardo da Vinci Multilateral Project. The project is co-ordinated by Uşak University's Vocational School of Distance Education (Turkey). Its main aim is to increase the opportunities and quality of vocational training for individuals with visual impairment. This e-book is available for free on the iTunes Store.
