# William Schrikker Jeugdreclassering stands

Juvenile Probation Office supports 1413 clients over the whole country

284 client with a “double action” (civil and penal)

There are 184 employees bij the Juvenile Probation Office

Name: Thomas

age: 14 years

## Situation:

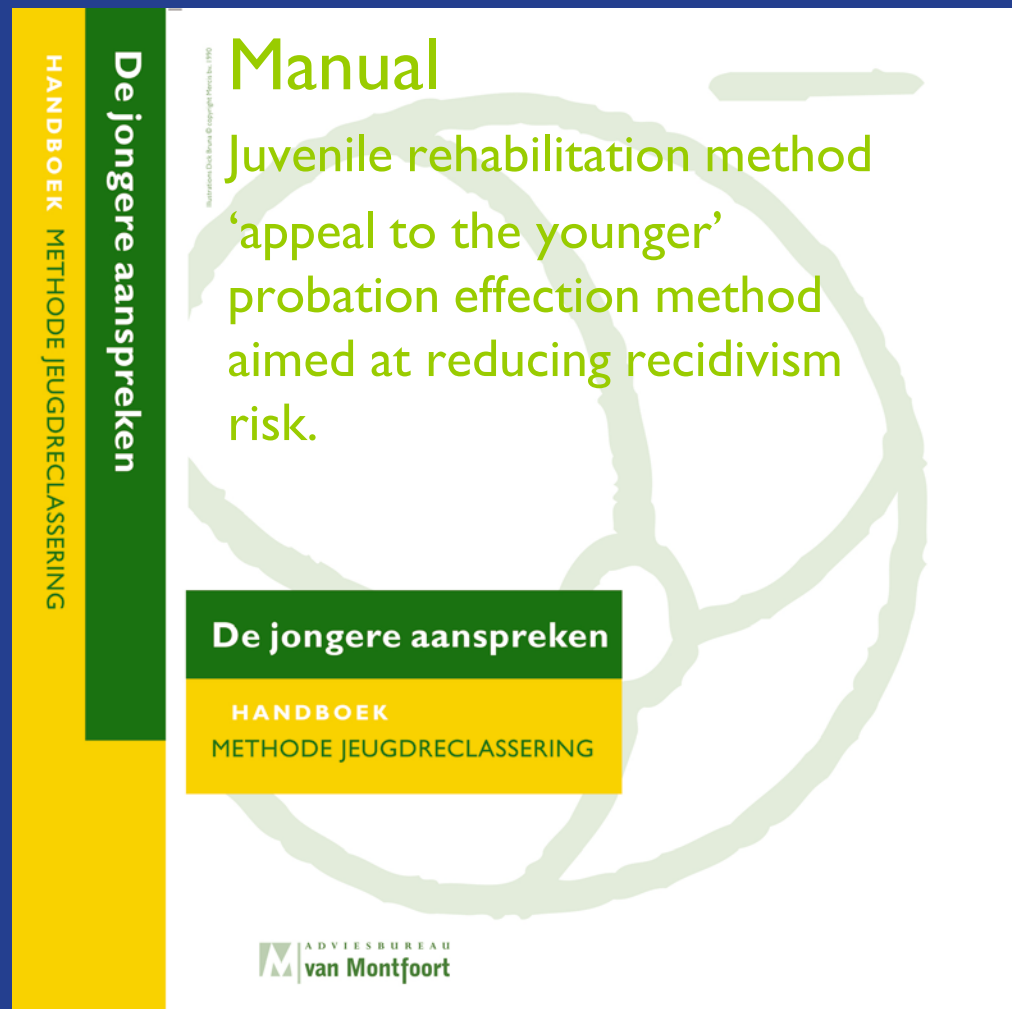

Thomas was arrested bij the police for dealing drugs. His friends told him he had to give a parcel at someone's home.

**What is your opinion?**

Thomas is mentally deficient,  
his IQ level is IQ65. Something  
that he apparently has done  
what not alloud, now calls on  
him. But what he did wrong?  
He does not know. He did just  
what his friends asked him. And  
he also got 20 euros!

**And what is your opinion  
now?**

## First information

- Basic research of the Child Protection Board
- The basic research information is the most important information
- Represents the start of the diagnostic phase for the JR
- From this information the juvenile probation makes a risk assessment

Measures

- Help and support
